Christmas In Your Eyes was produced by Bridge of Light Productions, a joint venture of Russian American songwriting team, Edgar Arens, a composer and resident of Moscow in the Russian Federation, and Johnny Blue Star, lyricist and resident of Palm Desert, California. Edgar Arens, (www.edgararens.com), an emerging film composer who just scored the Russian TV mini-series, *The Secret Agent's Memoir*. Edgar single-handedly, created the richly, textured orchestral vehicle for *Christmas In Your Eyes*, a song which could only be considered a modern Christmas classic.

"We are pleased to offer our song not only to consumers for themselves or to give Christmas gifts, but also to potential affiliates who can share in our revenue stream by signing up for free at our website," says Johnny Blue Star (www.johnnybluestar.com), President of New Galaxy Enterprises, a company devoted to development of book and film franchises as well as music, through its Bridge of Light Production Division. "We have worked closely with Pauline Vilain of Vilain-Innovations, (www.vilain-innovations.com) our media and literary agent, to promote *Christmas In Your Eyes* throughout the world. Patricia Welch says, "I have been fortunate in being able to work with various stars and sing some of the greatest songs ever written as part of my repertoire. But now that I've started to work with Johnny and Edgar, I am looking forward to a really creative and original collaboration. As a performer, I think there's nothing more exciting than to work with original, cutting edge material, no matter what the genre."

Mike Merrick, the famed Broadway producers of shows like "Passion," "Copperfield," "Clarence Darrow" and "The Belle of Amherst," has this to say about the song: "Christmas in Your Eyes" is an inspirational song, performed by an inspirational singer, Patricia Welch. Her interpretation of the beauty of the song, affords it with the true meaning it is meant to convey. A perfect blending of artist and musical materia."
